PLEASE READ: It is essential that we use our time wisely at the February meeting. Therefore, we are asking that you complete this form and **BRING IT WITH YOU** to share.

1. What is the subject or focus area of your data/research/information collection?

Research how effective Transfer of Development Rights and Basin Planning Commissions have been in Summit County.

2. What are the three key points you took away from the data/research/information collection? (Be concise and ready for a 30 second presentation)

a. The TDR program in Summit County has been very successful combined with Backcountry zoning and will an active partner to receive the Development Rights. 1200 acres have been protected with 67 transactions.

b. A TDR Bank was created to allow sales and purchases to happen without having to match buyers and sellers and the same time.

c. Basin Planning Commissions have had mixed results depending on how active the Towns have participated and how much activity was occurring in the Basin.

3. Does the information you gathered **SIGNIFICANTLY IMPACT or CHANGE** the original challenge frame or area of focus for ideation?

YES **NO** (Circle one)

4. What insights, examples or models did you find that can be used to spark idea generation in this focus area? Please briefly describe:

Discussions of both of these concepts would need full cooperation between the County and the Towns.

5. Are you feeling like you're back in high school? YES **NO** Stop Asking Me Questions!
