Current reality

Team's Strengths	Training Benefits
-	<ul style="list-style-type: none"> -Opportunity to understand why community is such a great thing to add up the benefits. -Recognition there is another layer in organizations. -People can see this as an opportunity for growth. -People can recognize their feelings related to giving up power -People can recognize who else from their organizations could be on board.
Team's Weaknesses	Training Dangers
-	<ul style="list-style-type: none"> -Participant defensiveness -Feeling of beaten over the head or not doing their job correctly. -Training could confirm for you that this process is messy, not efficient, non-linear (<ul style="list-style-type: none"> -Retaliation against community members for voicing concerns (so be thoughtful on delivery) -People will feel they've checked a box -Participants may be concerned with giving up power -Top levels of organizations might not be on board.
