

Data, Data, Data: Resources for Selecting Indicators

Indicators are measures which help quantify the achievement of a result. Like the vital signs for communities, indicators help show if things are on track or off track toward the results we seek.

Use the public data sets below to help you choose indicators:

- National Equity Atlas- <https://nationalequityatlas.org/indicators>
- Bureau of Labor Statistics- <https://www.bls.gov/regions/news-release-finder.htm?states=CO>
- Jefferson County Public Health- <https://www.jeffco.us/2098/Disease-Stats-Data>
- Metro Denver Homeless Initiative Point in Time Count- https://www.mdhi.org/2020_pit_reports
- Kids Count Data Center- <https://datacenter.kidscount.org/data#CO/2/8/10,11,12,13,15,14,2719/char/0>
- Colorado Department of Public Health and Environment
 - Colorado Health Indicators- <https://cdphe.colorado.gov/workplace-safety/data-and-reports/colorado-health-indicators>
 - Colorado Health Information Dataset- https://cohealthviz.dphe.state.co.us/t/HealthInformaticsPublic/views/CoHIDLandingPage/LandingPage?iframeSizedToWindow=true&.:embed=y&.:showAppBanner=false&.:display_count=no&.:showVizHome=no
- The Piton Foundation Shift Research Lab- <https://denvermetrodata.org/map>
- Robert Wood Johnson Foundation County Health Rankings and Roadmaps- <https://www.countyhealthrankings.org/>
