Update from the Technology Action Team

December 13, 2021

1

Our methodology

The diagram illustrates a methodology for achieving health and opportunity for all. It features a central circle with the text "Health & Opportunity For All". Surrounding this center are three overlapping, interlocking loops representing different stages of the process:

- Conversation** (top, orange): Build Informed Understanding
- Connection** (right, green): Form & Evolve Teams
- Collaboration** (bottom, blue): Take Action & Track Impact

The entire process is framed by two larger, semi-circular elements: **INCLUSION** at the top and **CO-CREATION** at the bottom.
